Hey Ben,

I provided Phillip the org chart on Friday and the memo, but he wasn't sure if R6 needed to be added. I just talked to him do you think we have enough people in there to help him tomorrow if needed?

They're going to have a meeting this morning at 8:30 AM so Phillip said he would call me to provide status. I didn't ask him to do that he's just been calling me I believe he's a little nervous so I just keep reminding him to do certain things and hoping to provide support. I feel bad he's in there all weekend.....

Monday the following travel preparers will be in the office.

Stephanie
Trish
Emily
Lynn working from home

Shaun not going to Snow Mass on Monday (Laura Farris going in his place)
Deb T leaving today for Durango

I see a little panic on signing TA's for people outside of EPR, but as you said if they're calling BCD and its emergency response the TA can be signed after. Phillip also mentioned that he's calling hotels and car rentals directly because he had issues with BCD yesterday.

Also, I see Dave is adding everyone to the site charging whether they're physically in Durango or not. So Bethany was in there yesterday and I believe Dee Rothery and I'm sure others I don't know about. I guess our next question is are they receiving OT or comp time? Does it matter?

Thank you
